

Candy/Confectionery

Yamato

Outstanding Performance & Flexibility

- Increases profits reducing costly overweight giveaways
- Individual collating chutes prevent the product from swirling, enabling high speed discharge.
- Scales integrate with pre-made bag, tray, tub, cup, jar, and bowl lines as well as VFFS or HFFS for various package styles and sizes
- Auto-tuning functions allow for automatic adjustments to achieve best results when product or environmental conditions can change.
- Improved feeder response with feedback control ensures consistent product feed.
- Ultra-heavy duty load cell withstands up to 150kg, limiting damage during rough maintenance and cleaning.
- Alarm display and replacement time display for consumable parts allow for a preventative maintenance schedule.

Applications

- Jelly Beans
- Hard Candy (wrapped and unwrapped)
- Tootsie Rolls
- Fragile Mints
- Gummy Bears and Worms
- Chocolates
- Licorice

Outstanding Food Safety

- Weighing options for wrapped, unwrapped, sticky, fragile, and other hard to handle products
- Yamato scales are designed for quick and easy cleaning.
- IP67 model helps you maintain production sanitation standards.
- Polygon shaped bucket is light and rigid, improving speed and accuracy.
- 60% less power consumption and less heat generation helps maintain product condition and limits negative environmental impact.
- Minimal downtime for maintenance
