Yamato

Outstanding Performance & Flexibility

- Scales integrate with pre-made bag, tray, tub, cup, jar, and bowl lines, as well as VFFS and HFFS for various package styles and sizes
- Individual collating chutes allow high speed discharge.
- Auto feed control allows for automatic adjustments to achieve best results when product or environmental conditions change.
- Gentle-handling features are available for delicate products.
- Ultra Heavy duty load cell withstands up to 150kg, limiting damage during rough maintenance.
- Alarm display and replacement time display for consumable parts allow for a preventative maintenance schedule.

Outstanding Food Safety

- IP67 model helps you maintain product sanitation standards.
- Yamato's multihead weighers reduce the breakage during weighing.
- Polygon shaped bucket is light and rigid, improving speed and accuracy.
- Yamato scales are designed for quick and easy cleaning.
- 60% less power consumption and less heat generation helps maintain product condition and limits negative environmental impact.
- Minimal downtime for maintenance.

Applications

- Macaroni
- Ravioli
- Penne
- Vermicelli
- Pastas of all kinds
