Stainless Steel Produce Scale

The Accu-Weigh® SM(N) C/P Series of stainless steel mechanical scales, with capacities ranging from 2 lb to 50 lb (900 g to 22 kg), can suit many applications: With stainless steel construction and NSF certification they are particularly appropriate for food service. The air dashpot option is convenient for fast, high volume weighing applications. The dashpot acts as a “shock absorber” to reduce the oscillations of the indicator needle providing faster weight readings. A circular stainless steel platform is standard and two bowl options (2 2/3 quart bowl and 4 1/4 quart bowl) are available.

Features

- NSF Certified
- Multiple Capacities
- Fine Point Indicator for Accuracy
- Circular Platform
- Accurate - Temperature Compensated Spring Mechanism
- Easy to Read - 30° Tilted Dial
- Rugged, Durable Stainless Steel Construction Zero Setting Mechanism
- Designed to be used with a container
