# Yamato

## Outstanding Food Safety

- Yamato Diffusion Bonding (YDB) buckets have no space for dust and bacteria propagation on the bonding plane.
- IP67 model helps you maintain product sanitation standards.
- Yamato's multi-head weighers reduce the breakage during weighing.
- Alarm display and replacement time display for consumable parts allow for a preventative maintenance schedule.
- 60% less power consumption and less heat generation helps maintain product condition and limits negative environmental impact.

## Performance & Customization

- Scales integrate with various package styles as well as VFFS or HFFS.
- Optional counting software for packages sold by piece, count, and weight.
- Auto-feed control for optimum product distribution.
- Yamato offers special weighers suitable for handling fragile products or products covered in sugar and oil.
- Unique high-speed, fragile handling.

## Applications

- Cookies
- Crackers
- Pastries
- Muffins
