

# Detergent/Granulates

# Yamato

## Outstanding Performance & Flexibility

- Yamato offers special modifications for dust protection.
- Scales integrate with pre-made bag, tray, tub, cup, jar, and bowl lines, as well as VFFS and HFFS for various package styles and sizes
- Auto-tuning functions allow for automatic adjustments to achieve best results when product or environmental conditions can change.
- Ultra heavy duty load cell withstands up to 150kg, limiting damage during rough maintenance and cleaning.
- Improved feeder response with feedback control ensures consistent product feed.
- Alarm display and replacement time display for consumable parts allow for a preventative maintenance schedule.

## Outstanding Handling & Ease of Maintenance

- IP67 model helps you maintain production sanitation standards.
- Polygon shaped bucket is light and rigid, improving speed and accuracy.
- Yamato scales are designed for quick and easy cleaning.
- U-Shaped linear feeder pans are designed to convey free-flowing granular products and extra sealing on all buckets for improved leak-proofing.
- Sealed scale enclosure contains dust product particles and keeps contaminants out of the products.

## Applications

- Powder detergents and applications
- Sugars
- Spices
- Coffee grounds/Teas
