# Yamato

## Performance & Customization

- Scales integrate with pre-made bag, tray, tub, cup, jar, and bowl lines, as well as VFFS and HFFS for various package styles and sizes
- High speed models available
- Auto-feed control for optimum product distribution
- Gentle-handling features are available for delicate products.
- Ultra Heavy duty load cell withstands up to 150kg, limiting damage during rough maintenance.
- Alarm display and replacement time display for consumable parts allow for a preventative maintenance schedule.
- 60% less power consumption and less heat generation helps maintain product condition and limits negative environmental impact.

## Outstanding Food Safety

- IP67 model helps you maintain product sanitation standards.
- Yamato's multihead weighers reduce product breakage during weighing.
- Yamato scales are designed for quick and easy cleaning.

## Applications

- Shrimp
- Scallops
- Frozen salmon and fish filets
- Fish Sticks
