

Cheese Weighing

Yamato

Reputation and High Standards

- Yamato has been a pioneer in the cheese industry, being the first weigher to receive 3A Dairy Certification.
- Fully compliant with USDA-Dairy Sanitation Standard
- Individual collating chutes prevent the product from spinning, enabling high speed discharge.
- Multiple scale options developed specifically for cheese provide high accuracy operation.

Functionality & Customization

- Multipoint discharge scales interface perfectly with multi-fill pouch or tray lines.
- Auto Feed Control for optimum product distribution.
- Auto-Inhibit function allows for cleaning on the fly and error recovery without having to stop the weigher.
- Staggered Dump eliminates bridging while transferring to packaging machinery.
- Programmable Auto Tare monitors product build up in weigh buckets.

Applications

- Regular and fancy shredded cheese of all types
- Diced and cubed cheese
- Shredded and ground parmesan
- Blue cheese
- IQF Cheese
